ID CAMP

Whether you are a high school player, club player or a seasoned veteran preparing for a successful college career, the ID Camp will help you realize your goals. A specifically designed curriculum will feature only the best and most effective techniques available. All instruction will be conducted by college coaches who will put you through the paces of a typical college pre-season routine. You will play with and against current and former AUM Soccer players, who are there to show you what the next level is all about, while giving you the chance to become more familiar with the elite college level. All coaches will be available after each session to answer any questions you may have on a "one-on-one" basis.

Our Academy setting will challenge the field players in attacking skills, speed of play, and quick decision making through small sided and 11 v 11 matches. The goalkeepers will be challenged through individual exercises, as well as full sided activities.
